

EBC & RISEP Rhode Island Program: Updates from Rhode Island DEM & OER

Partridge Snow & Hahn, along with EBC, co-hosted a program that provided updates and insights into Rhode Island's environmental and energy program developments, budgets and priorities for 2018 and beyond. Featured speakers included the Rhode Island Department of Environmental Management Director Janet Coit and the Office of Energy Resources Commissioner Carol Grant.

Issues discussed included:

- Climate Change Preparedness and Resiliency
- Renewable Energy
- Stormwater Management
- Enforcement
- Energy Efficiency
- Natural Gas Pipeline Expansions
- Coastal Erosion
- Solid Waste Management
- Urban Soils
- Organics Management
- Power Sector Transformation
- Dredging and Ports & Harbors
- Renewable Energy
- Site Remediation and Brownfields

Program Chair & Moderator:

- [Christian F. Capizzo](#), Chair – Environmental Law Practice Group; Of Counsel, Partridge Snow & Hahn LLP

Speaker Agenda:

Update from the Rhode Island Department of Environmental Management

- Janet Coit, Director, Department of Environmental Management, State of Rhode Island

Update from the Rhode Island Office of Energy Resources
